Julie,

Two issues. First, can you make one correction to the versions of the report and talking points you are circulating. There was an error in the spelling of one of the FRTG member's names and his department is incorrectly identified; correct line is immediately below.

Paul Bommer, Senior Lecturer, Petroleum and Geosystems Engineering, University of Texas at Austin

Second, I wanted to check with you on the status of DOI's review of these documents. I'll call later to discuss.

Thanks,

Vic
