Vic, Julie -

Since yesterday, I have been working to get a better handle on the FRTG membership, its various components, etc. I am compiling an updated spreadsheet (attached) that now includes what I believe is the Mass Balance Sub-Team membership.

My next step will be to send it out to each of the Sub-Team leads, asking for a quick verification of accuracy.

So here is what I have at the moment. Keep in mind, this has NOT yet been checked by team leads. However, it may provide useful as an interim list.

Subject: FRTG Membership

Julie,

Here are the lists of memberships I have received. These were current about a week ago and with the exception of the creation of the Mass Balance Sub-Team I don't think there have been changes although I'm not sure that I would see everything related to the other Sub-Teams. I do not know how much of this has been released or if there is a plan to release.
