PLUME TEAM UPDATE

Dear Mark and Catherine,

Here is the anticipated schedule for the Plume Team. Assumes that there are no delays

Saturday - Plume team begins examination of post riser-cut leak (depends upon cooperation of BP)

Monday(6/7) - conference call to discuss individual results and define upper and lower bounds for leakage prior to the insertion of the RITT (May 16)
call-in 888-390-3155, access code [REDACTED]

Wednesday(6/9) - Draft report sent to review panel

Dr. Ronald Adrian	Arizona State University
Dr. Edward Cokelet	Pacific Marine Environmental Laboratory
Dr. Yasuo Onishi	Pacific Northwest National Laboratory
Dr. Antonio Possolo	National Institute of Standards and Technology
Dr. Madhava	National Energy Technology

Syamlal	Laboratory
Dr. Peter Cornillo n ?	University of Rhode Island

Sunday (6/13) - Final Report sent for sign-off by team members and estimates for post riser-cut leakage assembled

Tuesday (6/15) -Final Report sent to FTRG with addendum for estimate of post riser-cut leakage

Let me know if this is acceptable to you.

Bill Lehr
Plume Team Lead
