Marcia,

My staff says that they cannot process the invitational travel that fast but we are shooting for a meeting early next week. I will go ahead and extend the invitation to the team and start the paperwork at 7:30 tomorrow. Will you come? I will keep you posted.

Thanks for your trust in us.

Pedro

Subject: Plume team gathering

Dear Marcia,

As you know, the team expressed an interest to come together to compare analyses prior to a final statement. Given the importance of this issue, NIST would like to invite the team to meet at our campus in Gaithersburg, MD. Funding has been made available for this gathering, and with your permission, we would like to extend an invitation to the team.

Please advise.

Thanks, Pedro
