Istead of going to the statement agreed upon, the link went to the internal report by Dr. Possolo that mentioned individual names intended for internal use only. Dr. Possolo prepared a separate analysis that did not refer by name to the expert that should have been posted

What link/internal doc are you refering to?

Thanks,

Julie

I understand the link in the PR regarding the FRTG refers to an internal document as opposed to the agreed upon document. Has the link been revised? Thanks
