Bill -

I can send the Secretary the callin numbers. I am flying to SEA from MRY Sunday first thing but don't get in until 10:45 am. So I might have to give you a call when I arrive. I am renting a car if anyone needs a ride.

Marcia

Subject: Sunday Schedule

Dear Experts,

We had an email breakdown at NOAA so I am not sure you got the schedule

Sunday 10 AM - I will arrange to pick people up at the Residence Inn Hotel. NOAA is in a secure facility and on Sunday the gate only opens with a gate key. Jim, Oscar and Alberto, give me a call and we will figure how to get you in.

11 AM - We will show you the NOAA warroom where all the trajectories you see on tv are produced. Plus we have all the video of the plumes on display if you want to check your last minute calculations.

12 Noon - Meeting. Juan will call in from Europe (Very late for him). Same call-in number as before.

3 PM (tentative) DOI Secretary wishes to talk to all of you. Marcia, do I need to send him the call-in numbers?

3:30 PM - Back to your hotel. I think there are some hiking trails nearby.

6 PM. We will arrange to pick you up and bring you to our house for dinner. Special surprise so I hope you can make it. For those in Seattle, the address is   .

Follow-on. I will still need everyone's final reports to include in the

overall final Plume report.
