Bill -

Do we have a call-in number that I can forward on to Joan? I may have it but can't find it. Or do you want the Secretary to just call in on my phone and we can put it on speaker? Marcia

Thanks, Joan. Looks like the call is scheduled for 3 pm PDT, 6 pm EDT. I will get the call in number from Bill and pass it along.

Marcia

Please let me know the time that KLS needs to call in for any meetings this weekend. And when you give me time, let me know what time zone we are starting from so I get the right time. Thank you. Joan

Please keep my cell also: .

All is good. Marcia and her science team meet in Seattle Sunday to review information. The revised flow rate number will be developed. I will call into the meeting. I will then get Marcia and Secretary Chu together to arrive at one official estimate range of flow.
