Steve -

My number is [REDACTED] You should keep that for future reference. Just come to the "VIP" desk and let them know that you are early for the 6:30 pm meeting. I am sure that they will send you up here to the 7th floor and find you a place to hang out. I am in Steve's conference room right now so you can probably hang out here. I don't think this is where he is going to have the call with his team.

Could you ask Marcia if they have some place over at DOE where I can hang out for a couple of hours? I don't have her cell number with me.

Thanks!

Steve - I just spoke to Secretary Salazar's scheduler and she does not have any more information about the meeting location logistics. Hope it all works out okay. Marcia was dropped off at DOE about 30 minutes ago.

Hi Georgia, I'm on my over to DOE right now. Can you tell me where to go, i.e, building and room, and if there is any special entrance to use?
