Mark -

I think that this is a good start, but it errs on the side of too much information. For example, I wouldn't

Hi Marcia,

I anticipate that we will want to generate a brief description of the Well Kill team, to update the HREC, USCG, and others, and for a possible PRFA amendment. Here is some very rough text that I crafted from my (limited) sense of what this team will do. I would very much appreciate your review and editing as needed.

No need to jump on this today... getting it by Monday evening would be fine. Thank you!
