The team was amazing. I take no credit, other than knowing a few of the right people to ask.

Will keep my fingers crossed for you. Hopefully you will arrive in San Francisco before I arrive in Phoenix!

On an unrelated note.... I am really impressed with how the Well Integrity Team engaged with DOE and others, and helped broaden the thinking on the subject. It is clear that your idea to assemble a team paid off - well done!

I am so sorry to hear that, Mark. What a bummer. Your weekend is short enough. I am flying on a frequent flyer ticket so will be the first to be bumped if the flight gets cancelled.

Hi Marcia. Took over two hrs to get to airport, flight cancelled, and can't leave till Saturday night. Flooding on airport road makes the nearby hotel shuttle drive take almost an hour. What fun!

Hope the weather passes tonight and your trip to Calif goes smoothly.
