Mark, Is it okay to share this ppt with the CG since the activities and flow rates mentioned have already been made public.

Thanks

Subject: Request approval for FRTG summary presentation for 7/12/10 seminar

Barbara,

I have been asked to provide an overview of the FRTG and the most recent government flow estimates, for a July 12 USCG-led meeting on dispersants. A PDF of my intended presentation is attached. I am requesting the necessary JIC and other approvals.

This was adapted from an earlier presentation by Marcia. It does not include any new information. The activities and flow rates mentioned have already been made public.

Thank you for facilitating the approval. Let me know if any questions

Mark
