You are very welcome, Sonya. I'm glad I could help!

I don't have the revised files of the "final" report yet, so the layout work hasn't begun. However, rest assured that if the files arrive and layout begins, we will not post the report until we receive official word to do so.

Becky,
THANK YOU!!
After the report is approved it should be sent to Suzette Kimball, Judy Nowakowski, and Barbara Wainman.
Please do not post the report until you get the OK from Barbara.
I know that you worked really hard to get this out as soon as possible and we all really appreciate the effort.
Thank you again.
Sonya
