

Using Computers For a Class at Your Office Location?

Consider **Deployable Laptops** Shipped to Your Office

To support courses held at all USGS office locations, the Office of Organizational and Employee Development (OED) offers a deployable laptop service.

A deployment includes:

- 11 student and 1 instructor laptop (12 Total)
- A high lumen PC screen projector
- 12 Ethernet cords
- 2 extension cords
- 2 power supply strips
- All necessary ac adaptors
- 12 mouse controllers

Our customers tell us: "Great equipment, ready to go, and no delay with improper setups, failed executions, or access problems"

It's simple, just open the box!

- Saves you and your staff time rounding up local office computers.
- Saves your IT staff time installing base images on office computers.
- Avoids glitches — our platforms are identical, so all software runs identically.
- OED IT staff provides initial consulting and real time support.
- Before shipping, each laptop is pre-loaded with your instructional software, eliminating the need to load and unload software on each computer processor.
- Large screens and high memory capacity supports most class applications requiring computers.

Laptop Specifications (Minimum)

- Pentium M750 Processor
- 15.4" WXGA Display
- 1 Gb Memory or greater
- 60 Gb 5400 RPM HDD
- Internal 56K Modem
- Internal 16 port 10/100/1000 Netgear Switch
- 24X CDRW/DVD Combo Drive
- Win XP OS. MS Office Suite Std Install

Cost

The fee for a 12 laptop deployment (1 week minimum) for up to one week is \$700.00, including shipping. Offices in Alaska, Hawaii and Puerto Rico may incur additional shipping costs.
